PROFILE

Passionate front-end developer with a knack for creating visually stunning websites that captivate users. Driven by the desire to expand my skill set. Proficient in modern front-end framework such as react. A collaborative team player with excellent communication skills, I thrive on delivering exceptional results through meticulous attention to detail and a commitment to writing clean, maintainable code.

EXPERIENCE

FRONTEND DEVELOPER

Benfy

2022 - Present

- Developed and maintained responsive web pages using HTML, CSS, JavaScript and JQuery to ensure a seamless user experience across devices.
- Collaborated closely with designers and back-end developers to implement pixel-perfect UI designs and integrate front-end functionality.
- Implemented JavaScript frameworks such as Next.js to create interactive user interfaces, resulting in improved user engagement and increased conversion rates.
- Optimized website performance by implementing front-end optimization techniques, including image optimization, unused CSS removal and code minification resulting in a 30% decrease in page load times.
- Implemented version control using Git, ensuring efficient collaboration, code management, and seamless integration of new features and bug fixes.
- Actively stayed up-to-date with emerging front-end technologies, trends, and best practices, incorporating them into projects to enhance performance and maintain cutting-edge solutions.
